Transfer to the nearest centre of medical excellence if the *treatment* the *beneficiary* needs is not available locally in an emergency.

If a *beneficiary* requires *emergency treatment*, we will pay for medical evacuation for them:

- to be taken to the nearest *hospital* where the necessary treatment is available (even if this is in another part of the country, or in another country); and
- to return to the place they were taken from, provided the return journey takes place not more than 14 days after the *treatment* is completed.

As regards to the return journey, we will pay:

- the price of an economy class air ticket; or
- the reasonable cost of travel by land or sea; whichever is lesser.

We will only pay for taxi fares if:

- It is medically preferable for the *beneficiary* to travel to the airport by taxi, rather than by ambulance; and
- Approval is obtained in advance from the *medical assistance service*.

We will pay for evacuation (but not repatriation) if the *beneficiary* needs diagnostic tests or cancer *treatment* (such as chemotherapy) if, in the opinion of our *medical assistance service*, evacuation is appropriate and *medically necessary* in the circumstances.

We will not pay any other costs related to an evacuation (such as accommodation costs).

### Important notes:

- If you require to return to the hospital where you were evacuated for follow up treatment, we will not pay for travel costs or living allowance costs.
- In the event that evacuation services are not organised by *Cigna's* Customer Care team, we reserve the right to decline the costs.

**Important notes:**

- If you require to return to the hospital where you were repatriated for follow up treatment, we will not pay for travel costs or living allowance costs.
- If a beneficiary contacts the medical assistance service to ask for prior approval for repatriation, but the medical assistance service does not consider repatriation to be medically appropriate, we may instead arrange for the beneficiary to be evacuated to the nearest hospital where the necessary treatment is available. We will then repatriate the beneficiary to his or her specified country of nationality or country of habitual residence when his or her condition is stable, and it is medically appropriate to do so.
- In the event that evacuation services are not organised by *Cigna's* Customer Care team , we reserve the right to decline the costs

## Important Notes

The services described in this section are provided or arranged by the *medical assistance service* under this policy.

The following conditions apply to both emergency medical evacuations and repatriations:

- all evacuations and repatriations must be approved in advance by the medical assistance service, which is contactable through *Cigna's* Customer Care Team;
- the *treatment* for which, or following which, the evacuation or repatriation is required must be recommended by a *qualified nurse or medical practitioner*;
- evacuation and repatriation services are only available under this *policy* if the *beneficiary* is being treated (or needs to be treated) on an *inpatient or daypatient* basis;
- the *treatment* because of which the evacuation or repatriation service is required must:
  - be *treatment* for which the *beneficiary* is covered under this *policy*; and
  - not be available in the location from which the *beneficiary* is to be evacuated or repatriated;
  - the *beneficiary* must already have cover under the International Medical Evacuation option, before they need the evacuation or repatriation service;
  - the *beneficiary* must have cover in the *selected area of coverage* which includes the country where the *treatment* will be provided after the evacuation or repatriation (treatment in the USA is excluded unless the beneficiary has purchased *Worldwide including USA* cover).
- We will only pay for evacuation or repatriation services if all arrangements are approved in advance by *our medical assistance service*. Before that approval will be given, we must be provided with any information or proof that we may reasonably request;
- We will not approve or pay for an evacuation or repatriation if, in *our* reasonable opinion, it is not appropriate, or if it is against medical advice. In coming to a decision as to whether an evacuation or repatriation is appropriate, we will refer to established clinical and medical practice;
- From time to time we may carry out a review of this cover and reserve the right to contact *you* to obtain further information when it is reasonable for *us* to do so.

## General Conditions

- Where local conditions make it impossible, impractical, or unreasonably dangerous to enter an area, for example because of political instability or war, we may not be able to arrange evacuation or repatriation services. This *policy* does not guarantee that evacuation or repatriation services will always be available when requested, even if they are medically appropriate.
- We will only pay for *hospital* accommodation for as long as the *beneficiary* is being treated. We will not pay for *hospital* accommodation if a *beneficiary* is no longer being treated but is waiting for a return flight.
- Any *medical* treatment which a beneficiary receives before or after an evacuation or repatriation will be paid from the International Medical Insurance plan (or under another coverage option if appropriate) provided that the *treatment* is covered under this *policy* and *you* have purchased the relevant cover.
- We cannot be held liable for any delays or lack of availability of evacuation or repatriation services which result from adverse weather conditions, technical or mechanical problems, conditions or restrictions imposed by public authorities, or any other factor which is beyond *our* reasonable control.
- We will only pay for evacuation, repatriation and third party transportation if the *treatment* for which, or because of which, the evacuation or repatriation is necessary is covered under this *policy*.
- All decisions as to:
  - the *medical necessity* of evacuation or repatriation;

Subject to any conflicting legal or regulatory requirements we may terminate this policy for all beneficiaries immediately if:

- 1.1 Any premium or other charge (including any relevant tax) is not paid in full within thirty (30) days of the date on which it is due. We will give you written notice if we are going to terminate the policy for this reason; or
- 1.2 It becomes unlawful for us to provide any of the cover available under this policy or we are required to terminate the policy in any particular jurisdiction or territory at the direction of a regulator or authority with competent jurisdiction; or
- 1.3 We, at our sole discretion determine, on reasonable grounds, that you have, in the course of applying for the policy or when making any claim under it, withheld information or knowingly or recklessly provided information which you know or believe to be untrue or inaccurate or failed to provide information which we have asked for, including medical information; or
- 1.4 Subject to the terms and conditions of the policy, we may terminate the policy if any beneficiary ceases to be an expatriate whether as a result of a change to a beneficiary's country of nationality or country of habitual residence.
- 1.5 We are no longer in the market to sell the policy or suitable alternative in your geographical area. We will notify you at least one (1) month before the end date to advise you that the policy will be terminated (and therefore unable to be renewed) with effect from the end date.

If you want to terminate this policy and end cover for all beneficiaries, you may do so at any time by giving us at least fourteen (14) days' notice in writing. Termination of your policy will take effect fourteen (14) days after you, the policyholder, notifies us of the request by using one of the options in the 'How to contact us' section on page 3 of these Policy Rules.

If the policy is terminated in accordance with clause 6.5, before the end date, and we have paid a claim, covered a treatment or issued a guarantee of payment during the period of cover, you will be liable for the remainder of any premiums in respect of the policy which are unpaid.

If the policy ends before the end of the period of cover and you have made claims under it, you will be liable for the remainder of any premiums in respect of the policy which are unpaid.

In relation to the period after your cover has ended, unless your policy is terminated in accordance with clause 6.2 and/or clause 7 of the Policy Rules, then any premium which has been paid in relation to the period after cover has ended will be refunded to the extent that it does not relate to a period of time in which we have provided cover, so long as we have not paid any claim, or issued any guarantee of payment during the period of cover.

If treatment has been authorised, we will not be held responsible for any treatment costs if the policy ends or a beneficiary leaves the policy before treatment has taken place.

## 2. Policy Renewal

This policy is an annual contract. This means that, unless it is terminated earlier or renewed, the cover will end one year after the start date. This is a short-term accident and health policy and AIG is not required to renew this policy. AIG may terminate this policy by giving you 30 days' notice in writing.

If we determine to renew, we will write to you at least one (1) calendar month before the end date to invite you to renew on the terms we offer you. We will inform you of any changes to the policy and premium for the forthcoming period of cover. Premium rates are not guaranteed and may be adjusted based on future experience. The policy is not a Medisave-approved policy and you may not use Medisave to pay the premium for this policy. If local law and/or regulation dictates, we may be required to offer you an alternative health plan. Subject to clause 7 of the Policy Rules, any decision by AIG not to renew shall not be based on your claims history or any illness, injury or condition suffered by any beneficiaries.

If you accept the invitation to renew, please ensure you have read and understood the policy documents for the forthcoming period of cover. Your cover will be renewed for another twelve (12) months.

If you do not want to renew your cover, you must let us know in writing at least fourteen (14) days before your policy end date. If you do not renew your cover, any beneficiaries who have been covered under the policy can apply for their own cover. We will consider their applications individually, and inform them whether, and on what terms, we are willing to offer them such cover.

We can help you arrange your treatment plan, and point you in the right direction, saving you the time and hassle of looking for a hospital, clinic or medical practitioner yourself. We can liaise directly with your treatment provider to ensure the treatment that you are about to undertake is covered under your policy and issue a prior authorisation. We can also liaise directly with your treatment provider to arrange direct billing by issuing a guarantee of payment.

We appreciate that there will be times when it will not be practical or possible to contact us prior to treatment in an emergency and the priority is to get treatment as soon as possible. In circumstances like these, we ask that you or the affected beneficiary get in touch with us within 48 hours of receiving the treatment. This will allow us to confirm whether your treatment is covered and arrange settlement with your treatment provider. We may ask for further information, such as a medical report in order for us to approve treatment. We will confirm approval, and where applicable, the number of treatments approved.

If a beneficiary has been taken to a hospital, medical practitioner or clinic which is not part of our network, then we may make arrangements (with the beneficiary's consent) to move the beneficiary to a Cigna network hospital, medical practitioner or clinic to continue treatment, once it is medically appropriate to do so.

For full details of our Claims process please refer to the Customer Guide.
